

HOLY SPIRIT HEALING MINISTRY INTERNSHIP
Physical Healing Class Week Five: “Methods of Healing Prayer(Part 2)”

Presentation:

I. Charles and Frances Hunter, *How to Heal the Sick*, Kingwood, Tx: Hunter Books, 1983.

- A. **Basic Principle: “If Charles & Frances can do it, you can too!”**
 - 1. **Believers** will lay hands on the sick(Mk16:18).
 - 2. The supernatural can be “taught.”(“caught?”)
 - 3. God wants to heal and wants us to do it!
- B. **Believers do the Work of Jesus!**
 - 1. Jesus Himself foretells it(Jn 14:12).
 - 2. God grants us what we pray for(Jn 14-13-14)
 - 3. **God’s Will is joy** for us!(Jn 16:22-24)
- C. **Prayer of Command for Healing—Jesus’ Model:**
 - 1. There are **many ways** to heal the sick!
 - 2. We have no record of Jesus praying for the sick—He heals them!
 - 3. A command exercises authority of Jesus(Lk9:1-6).

II. The Hunter’s Healing Ministry Techniques(Some of Them!):

- A. **TNT: “The Neck Thing”** For neck pain, headaches, eye, ear, jaw conditions:
 - 1. **Grasp the head** with your hands, placing your thumbs pointing up and parallel to the ears, just below the temple, with the fingers gently curving around the back of the head.
 - 2. **Command** the neck and upper back muscles to relax and the spine to come into perfect alignment, in the Name of Jesus.
 - 3. **GENTLY roll and rotate the head**, being careful not to jerk it suddenly.
 - 4. **Rebuke** any remaining pain, in the Name of Jesus.
 - 5. **Ask the person how he feels. Repeat steps 1-3 if necessary.**
- B. **TAT: “The Arm Thing”** For pain/conditions in upper/mid back, shoulders, bursitis, numbness in arms, hands.
 - 1. **Ask person to stand** with toes even.
 - 2. Instruct him to **swing his arms** at his side.
 - 3. **Extend** his arms stretching forward with palms facing each other **¼” apart.**
 - 4. **Bring arms together.** Bend at elbows to check length of arms by looking at the fingertips—if they do not line up, there is a difference in arm length.
 - 5. **Extend the arms again.**
 - 6. **Command** the muscles in the upper and mid back to relax, the spine to come into alignment, and the short arm to grow **in the Name of Jesus.**
 - 7. **Verify arm length** by repeating steps 3-4.

- C. **“TLT:” “The Leg Thing”** For pain/conditions of the low back, hips, knees, feet.
1. **Seat the person, sitting up straight** in a straight-back chair.
 2. **Squat/kneel** facing the person. **Extend the legs**, grasping them with your hands, placing your thumbs on the inner ankle bones to check leg length. If your thumbs do not line up, there is a difference in leg length. Proceed if there is a difference.
 3. **Command** the low back and leg muscles to relax in the **Name of Jesus**.
 4. **Command the short leg to grow out**, in the **Name of Jesus**.
 5. Verify length by repeating step 2.
- D. **“TPT:” “The Pelvis Thing”** For scoliosis, PMS, low back pain, constipation, diarrhea, bed-wetting, conditions of the reproductive system, etc...
1. Have the **person stand** with toes even.
 2. **Grasp the tops of the ilium**(pelvic bone) on the “hips.”
 3. **Command all** the low back muscles, tendons, ligaments to relax in the **Name of Jesus**.
 4. **Command the pelvis to rotate** into perfect alignment in the **Name of Jesus**. **Do NOT twist** the person!
- E. **“TTT:” “The Total Thing” An Overhaul! TNT, TAT, TLT, TPT!**

III. Points to Remember:

- A. Unless you are a doctor, you have no authorization to perform any “alignments!” This is why we pray, **in the Name of Jesus—He does the work!** Strictly speaking, we are **not manipulating** the spine, arms, legs, pelvis.
- B. If one method does not seem to work, **try something else**. God will teach you as you go!
- C. Remember, **healing is often a process**. It may take time!
- D. If there is a healing, **praise God**. If not, **praise God!**
- E. Keep a **positive attitude**. Don’t get over serious or “spiritual.” Sick people are depressed enough already. The **JOY** of the Lord is your strength!
